

EMR is a global leader in metal recycling employing 4500 staff across 170 locations around the world. EMR's recycling process begins with the collection of scrap metal from businesses, manufacturers, construction sites, government bodies and the general public. Our depot and operational teams are instrumental to our success; and as a result of expenditure and capital investment we are now looking to add to our team with the recruitment of experienced Maintenance Fitters.

**The Role:**

We are looking to recruit 1 x Electrical Fitter and 1 x Mechanical Fitter.

As a Maintenance Fitter you will be assigned a wide range of activities at our busy Landor Street depot in Birmingham. Our processing equipment and machinery is varied, you will work on a range of machinery relating to heavy engineering e.g. 3 phase systems, conveyor systems, shredders, motors, pneumatic and hydraulic equipment, power supply.

Requirements include:

- General maintenance and servicing duties, with the ability to problem solve and fault find to ensure minimum downtime.
- For Mechanical applicants - MIG or Stick welding and fabrication skills would be advantageous.
- Willingness to work in all aspects of the plant during periods where breakdowns or maintenance does not occur.
- Knowledge and understanding of health and safety systems is essential, preferably with the understanding of isolation procedures for maintenance tasks.

**The Person Spec:**

Appropriate qualifications/apprenticeship as well as demonstrable experience in a relevant environment is a necessity.

It is essential all staff are safety conscious and have a good appreciation/awareness of our unique working environment. Applicants should be organised, motivated individuals who can work to deadlines and be prepared to adapt according to business priorities on their particular site.

This is an hourly paid, permanent position, working min 45 hours a week + plenty of O/T available.

**Application:**

Please apply to [recruitment@emrgroup.com](mailto:recruitment@emrgroup.com) with an up to date CV and details of your current salary. Alternatively an application form can be requested by contacting the same Email address.

***Our employees have helped build the organisation into the world leading recycling company it is today.***
