

EMR is a global leader in metal recycling employing 4500 staff across 170 locations around the world. EMR's recycling process begins with the collection of scrap metal from businesses, manufacturers, construction sites, government bodies and the general public. Our depot and operational teams are instrumental to our success; as they are the first stage in the process and receive delivery of a wide range of metals and materials. Their daily activities are supported by our advanced systems which ensure accurate tracking and security for all materials.

The Role:

As a Maintenance Fitter you will have a mechanical bias and be assigned a wide range of activities at our busy Landor Street depot in Birmingham. In line with new machinery and plant installations, we are keen to recruit Maintenance Fitters to the growing team onsite. Our processing equipment and machinery is varied, you will work on a range of machinery relating to heavy engineering e.g. conveyor systems, shredders, motors, gearboxes, pneumatic and hydraulic equipment.

Requirements include:

- General maintenance and servicing duties, with the ability to problem solve and fault find to ensure minimum downtime.
- MIG and Stick welding and fabrication skills would be advantageous.
- Electrical knowledge and/or qualification would also be beneficial.
- Willingness to work in all aspects of the plant during periods where breakdowns or maintenance does not occur.
- Knowledge and understanding of health and safety systems is essential, preferably with the understanding of isolation procedures for maintenance tasks.

The Person Spec:

Appropriate qualifications/apprenticeship as well as demonstrable experience in a relevant environment is a necessity.

It is essential all staff are safety conscious and have a good appreciation/awareness of our unique working environment. Applicants should be organised, motivated individuals who can work to deadlines and be prepared to adapt according to business priorities on their particular site.

This is an hourly paid, permanent position, working min 45 hours a week + plenty of O/T available.

Application:

Please apply to recruitment@emrgroup.com with an up to date CV and details of your current salary. Alternatively an application form can be requested by contacting the same Email address.

Our employees have helped build the organisation into the world leading recycling company it is today.
