

EMR is a global leader in metal recycling employing 4500 staff across 170 locations around the world. We have an unrivalled logistics capability, underpinned by a vast fleet of dedicated vehicles and advanced computer planning/ tracking systems. Our busy Transport division is high profile and a varied working environment which is pivotal to the success of our business.

Transport Co-ordinator:

As the Transport Co-ordinator you will ensure that requests for transport service are captured, recorded accurately and responded to in line with the previously agreed internal or external customer requirements whilst, striving for efficiencies and service excellence. Working closely with Drivers, Internal Depots and Customers, you will plan the deliveries/collection of recycled metal in line with safety standards and the company's core business values.

Previous experience of effectively routing vehicles in a cost efficient and safe manner will be pivotal to the success of the role. You will also promote a strong Health and Safety work ethic and ensure the business remains compliant with transport policies, procedures and legislation.

The Person Spec:

You will be an exceptional organiser and communicator, with previous vehicle routing experience to ensure you can prioritise and make decisions quickly. It will be key to develop good working relationships with the drivers, internal staff and customers to ensure an efficient process as possible. A good understanding of the EU drivers hours and working time directive is expected and any qualifications relating to CPC, IOSH or LGV Licenses (Cat C or Cat C+E) would be of interest, although not essential.

It is essential all our Transport staff are safety conscious and have a good appreciation/ awareness of our unique working environment. Applicants should be customer focused and good communicators as they will interact with a wide range of internal and external staff. Our transport requirements vary from day to day and no job is the same; so if you enjoy working in a thriving environment with a market leader, then please get in touch.

Application:

Please apply to recruitment@emrgroup.com with an up to date CV and details of your current salary. Alternatively an application form can be requested by contacting the same Email address.

Our employees have helped build the organisation into the world leading recycling company it is today.
